

August 28, 2008

Are you ready for this? In just a few short weeks you will learn to love Roxie Denning and her carefully created Bulletins.

If you can read this, thank your 3rd grade teacher. If you have a problem with my grammar you can thank my third grade teacher. You will discover this to be a totally politically incorrect pestle.

Here we go! First and most important are you aware of the six objects of Kiwanis? You should be, because it is a way a Kiwanian should conduct her/his life. The first object, "To give primacy to the human and spiritual, rather than to the material values of life." You will have the ability to read all six of them over the next six weeks.

The high light of today's meeting was not the Norwegian jokes, although they were cute. If you were there you know that Omar Campos almost made it in time to greet, Randy Kirschbaum did. Good old Lloyd Unfred was found selling illegal raffle tickets. Vic Pauley delivered a very nice invocation. Rita Crumpton says show me the money. Wasn't it fun to hear Scott Hayduk try to do the defining statement? You might practice for a few times Scott. You never know when you will be called upon to do it again. All right Terry Wakefield, you have a fabulous voice and we love you dearly, but leave the jokes to Pete Joufflas.

This is our second meeting without Guy. What a huge loss. Today we were asked to sign a card for his family left behind. You know we are part of that extended family. Guy, wherever you are keep an eye on us, we still need your help.

Bob Burger was there to celebrate still another birthday. How many so far this year Bob? You have to be a somewhat seasoned K family veteran to understand the meaning of that statement.

Greg Scheafer and Krsitin Winn had the pleasure of inducting our newest member Lynn Thompson. Lynn is the bean counter for Bray and Company. He is the spouse of Lorena the knowledge bowl magician at Grand Junction High School. He is also the President of the GJHS Booster Club. What do you think... just maybe he would be interested in starting or should I say re-starting a Key club at Junction High? What he didn't tell you is that he is responsible for hosting a JUCO team each year along with Sherry Zenn in an organization of two people called Grand Valley Hosts. Remember who he is what he looks like and make him feel welcome. Thank you Greg for bringing in a new member, it is something we should all do every year.

Tim Moore did a nice job in introducing us to the developing "Comprehensive plan" for our fair city. Remember to attend one of the public meetings coming up in mid September.

President Kristin unveiled the district governor Home club Banner which will hang at our meetings for the next year. Bob Colony who has 45 years of perfect attendance was the last District governor from Grand Junction and that was in 1975 and 76. Bob has the Kiwanis fever he still works harder than almost anyone in the club. He works not only for our club but also for the golden K. If you have a good idea for a program for the Golden K tell him or bob Hanson who has the fever and has had for forty some years.

Roxie left temporarily from the post of your bulletin editor. She received a very nice and well deserved present from the President. Rita if you are the fine master next week when Mailyn conducts the meeting you can fine Roxie for leaving this post and allowing me to corrupt the minds of Kiwanians.

Have a great week and remember we serve children from minus nine months to 5 years in our “Young children Priority One” service projects.

Happy reading you all!!!!
