PROGRAM:

Deanna Colaizzi presented our Young Student of the Month Program this week. From Fruita Monument High School she introduced Brandon Bristol; from Central High School, Tyler Valencia-Zimmerman; Addison Eng from Grand Junction High School and Amelia Davis from Palisade High School. Each one of these young adults spoke well about their dreams, their ambitions and if they had to, what one thing they would eat for the rest of their life. They were humorous, confident and it never ceases to amaze us that these individuals are out there!!

Until next week.....Roxie Denning, Bulletin Editor
